

Have you forgotten that you live in a world that is infused with magic? Perhaps you've become cynical and think you have to create life all by yourself, with no help from others. It's time to remember your relationship to source.

For you are a part of the story of the world, a living spark of spirit, living on earth for this short time as an emissary of light.

When magic appears you are invited to see the world through the eyes of wonder and awe.

**So how do you stay in this awareness of magic?
The answer is simple. If you can be as a little child and cultivate that wondrous curiosity, you will see the magic again and be amazed.
Remember, magic is real and in everything.**

Great spirit is listening and acting on your behalf.

Pay attention.

Magic gives birth to miracles.
